**RESPONSE TO RESTRICTION REQUIREMENT  
DATED MAY 11, 2007**

Mail Stop Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This paper is filed in response to the Official Action dated May 11, 2007, wherein restriction and election of species requirements were imposed. This paper is timely-filed as it is accompanied by a petition for an extension of time to file in the first month and authorization to charge our deposit account no. 13-2855 to cover the requisite fee of \$120.00.

**Restriction Requirement**

The official action requires election of a single claim group from the following two groups:

Group I: claims 57-81, which are drawn to an organic semiconductor device; and,

Group II: claims 82-86, which are drawn to a method of manufacturing an organic semiconductor device. *See* official action at page 2.

The applicants hereby elect to prosecute claims drawn to Group I. The applicants reserve the right to file a divisional application drawn to the subject matter of Group II.

**Election of Species Requirement**

The official action also sets forth an election of species requirement. With respect to Group I, the examiner indicated that the application contains three patentably distinct species: Species 1 (figures 6a and 6b); Species 2 (figures 7a and 7b); and, Species 3 (figures 8a and 8b). In accordance with the requirement set forth in the official action, the applicants provisionally elect Species 1.

Currently, claims 57-72, 75 are generic in relation to the species identified by the examiner, and claims 73, 77 read on the provisionally elected species.

**CONCLUSION**

Should the examiner wish to discuss the foregoing, or any matter of form or procedure in an effort to advance this application to allowance, he is respectfully invited to contact the undersigned attorney at the indicated telephone number.

Respectfully submitted,
